ABHIN P.T

About me

Traffic Sign Detection Model: Developed a robust traffic sign detection model using the YOLOv5 architecture. This project aimed to enhance road safety by accurately identifying and classifying traffic signs in real-time.

Work experience

- AI ML Engineer2018-2020
  PIXEL PVT
  Worked on AI based projects and developed a deep learning model for detecting and classifying objects in images

- Data Scientist2019-2020
  KIT Tech
  Worked on various projects related to computer vision and deep learning

- Software Engineer2019-2020
  Aloop Inc
  Worked on various projects related to data science and machine learning

- Flutter Developer2019-2020
  Firebase media
  Worked on various projects related to flutter development

- Full Stack Developer2019-2020
  LSI gen
  Worked on various projects related to full stack development
